Dynavax has been approved for uplisting to the Nasdaq Global Select Market

---

"Dynavax's advancement to the Nasdaq Global Select Market is a further outcome of continued excellence in execution across the organization, and reflective of our strong growth and financial performance in recent years," said [Ryan Spencer](#), Chief Executive Officer of Dynavax. "The Nasdaq Global Select Market is recognized as having the highest listing standards of any exchange in the world. Dynavax is honored to be among this class of company. I want to thank our stakeholders,

partners, patients and employees, as we work diligently to execute our growth strategy in continual pursuit of the corporate mission to help protect the world against infectious disease."

Dynavax was previously listed on the Nasdaq Capital Market. The Nasdaq Global Select Market consists of over 1,700 stocks that meet Nasdaq's strictest financial and liquidity requirements and corporate governance standards.

### About Dynavax

Dynavax is a commercial-stage biopharmaceutical company developing and commercializing innovative vaccines to help protect the world against infectious diseases. The Company has two commercial products, HEPLISAV-B® vaccine [Hepatitis B Vaccine (Recombinant), Adjuvanted], which is approved in the U.S. and the European Union for the prevention of infection caused by all known subtypes of hepatitis B virus in adults 18 years of age and older, and CpG 1018® adjuvant, currently used in multiple adjuvanted COVID-19 vaccines. Dynavax is advancing CpG 1018 adjuvant as a premier vaccine adjuvant through global research collaborations and partnerships. Current collaborations are focused on adjuvanted vaccines for COVID-19, seasonal influenza, universal influenza, plague, shingles and Tdap.
