

Dynavax to Webcast Presentation at Piper Jaffray Health Care Conference on Tuesday, January 25, 2005

BERKELEY, Calif., Jan. 18 /PRNewswire-FirstCall/ -- Dynavax Technologies (Nasdaq: DVAX) announced today that Dino Dina, MD, President and CEO, will present an overview of the company at the Piper Jaffray Health Care Conference in New York City.

Dr. Dina's presentation will be webcast live at 3:30 p.m. ET on Tuesday, January 25, 2005. The webcast presentation may be accessed by visiting <http://www.piperjaffray.com/hcwebcast>, where it will also be archived for 30 days following the presentation.

About Dynavax

Dynavax Technologies Corporation discovers, develops, and intends to commercialize innovative products to treat and prevent allergies, infectious diseases, and chronic inflammatory diseases using versatile, proprietary approaches that alter immune system responses in highly specific ways. Our clinical development programs are based on immunostimulatory sequences, or ISS, which are short DNA sequences that enhance the ability of the immune system to fight disease and control chronic inflammation. ISS are being developed in three initial indications: ragweed allergy immunotherapeutic, currently in a Phase 2/3 clinical trial; a Hepatitis B vaccine, currently in a Phase 2/3 clinical trial; and an asthma immunotherapeutic that has completed a Phase 2 exploratory trial.
